SUPPLEMENTARY REPORT

Mission No: M-655752576

DCO Name: Edgars Gorjačko

Dear Dresden laboratory,

As regards the samples **A/B 4081069** and **A/B 4080995** from the Mission M-655752576, both samples are from the same athlete. During the Sample Collection the athlete damaged the watertight plastic bag with an absorbent pad for the bottle A of his urine sample **A/B 4081069**. The Doping Control Officer therefore decided to collect another urine sample **A/B 4080995** from this athlete. We therefore suggest you to contact FIL to clarify whether to test one of the samples or both of the samples.
